

# Window Breaker™

The Window Breaker™ is a single shot explosive window breaker for gaining access to vehicles with minimal shock or vibration. It is a user filled explosive vehicle access tool, which offers the user a low-cost one-shot system, without any additional explosive storage problems.

The Window Breaker™ can easily be deployed by a remote operated vehicle (ROV). It is very effective for use against side and rear vehicle windows when manufactured from tempered glass.

## Specifications

Dimensions	122mm length x 25mm width
Contents	5 per pack
Weight	20g
NEQ	<1-1g
Colour	Grey
Part No.	WB1005
NSN	1385-99-968-8324
